Ray didn't trust Huie

~~Motel he couldn't find -~~
~~De Soto~~

~~Third article - says "was a~~
~~conspiracy"~~

"Had to stay away from the
exact point of the murder" -
not on his own - entire
investigation out of the crime

Not quite as altruistic as he
seems. Foreman thought
his share would be over $500,000

Robert Kennedy knew only
what he had been told

Ray had no defense whatever

Dwyer

All the investigations of which he talked are irrelevant, except on conspiracy. What counts is Memphis, and on that Memphis spent about as much as they did on buying Stephens booze. In Memphis, the FBI took over & they put it to Memphis

If this was looking "forward legally" why do they now oppose any trial & keep the public mind made up - except for propaganda

Execution not the only answer - endless [illegible] on King - family name

The number of witnesses -
100 - immaterial - and
of these only 10 on crime

He did not sign a stipulation
that he killed
King & I challenge
Mr. Dwyer to prove it
now, for if he doesn't,
I will present that
stipulation
Point on bail
